

Don Young Port of Alaska Modernization Program

User Group Update – June 10th, 2026

Agenda

1. Terminal 1 Construction Update
2. Electrical Substation
3. North Extension Helipad Project
4. T2 Design
5. Upcoming meetings

Terminal 1 Construction Update

- Pile driving templates are now being started.
- Deep Soil Mixing (DSM) continues on Trestle 1A
- Demolition of the existing structure ongoing
- Piling and precast deck elements are being offloaded and stored at the North Extension
- All piles are planned to be on site by the end of next year.

Berthing Facility at the North Extension

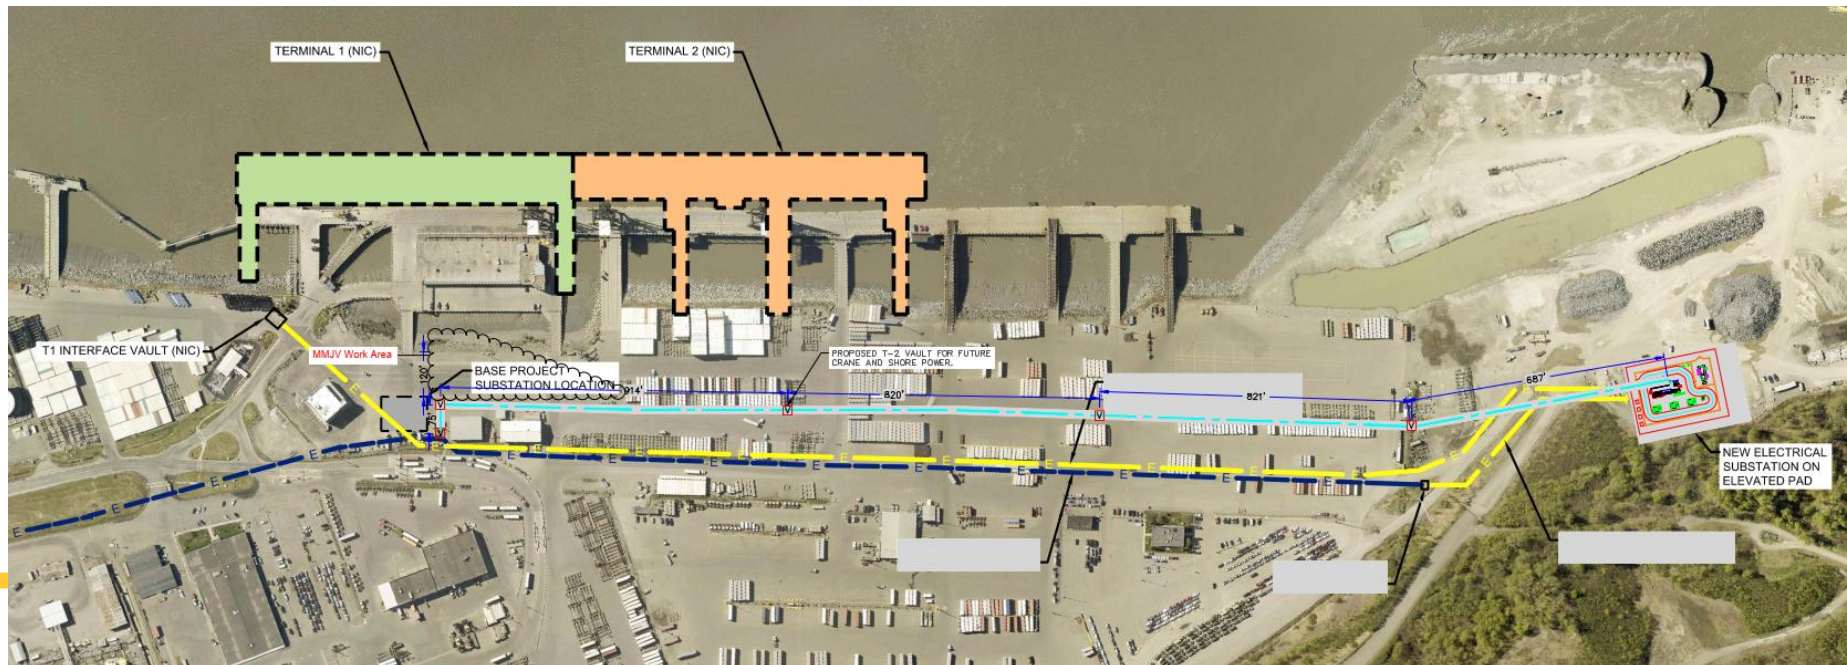

Large Pile Driving Activities

- Installation of temporary piles used to secure pile driving templates has begun. These piles are being installed with a vibratory hammer.
- Permanent piles are planned to start being installed in the next month. These piles will be installed with an impact hammer.
- The impact hammer noise will be much louder than the vibratory hammer.
- Pile driving is limited to Monday through Saturday, 7am to 10pm.

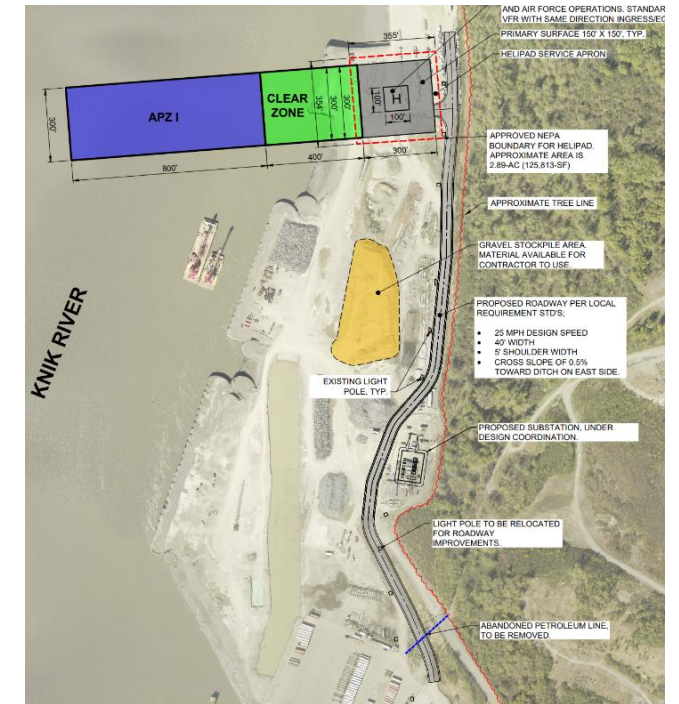

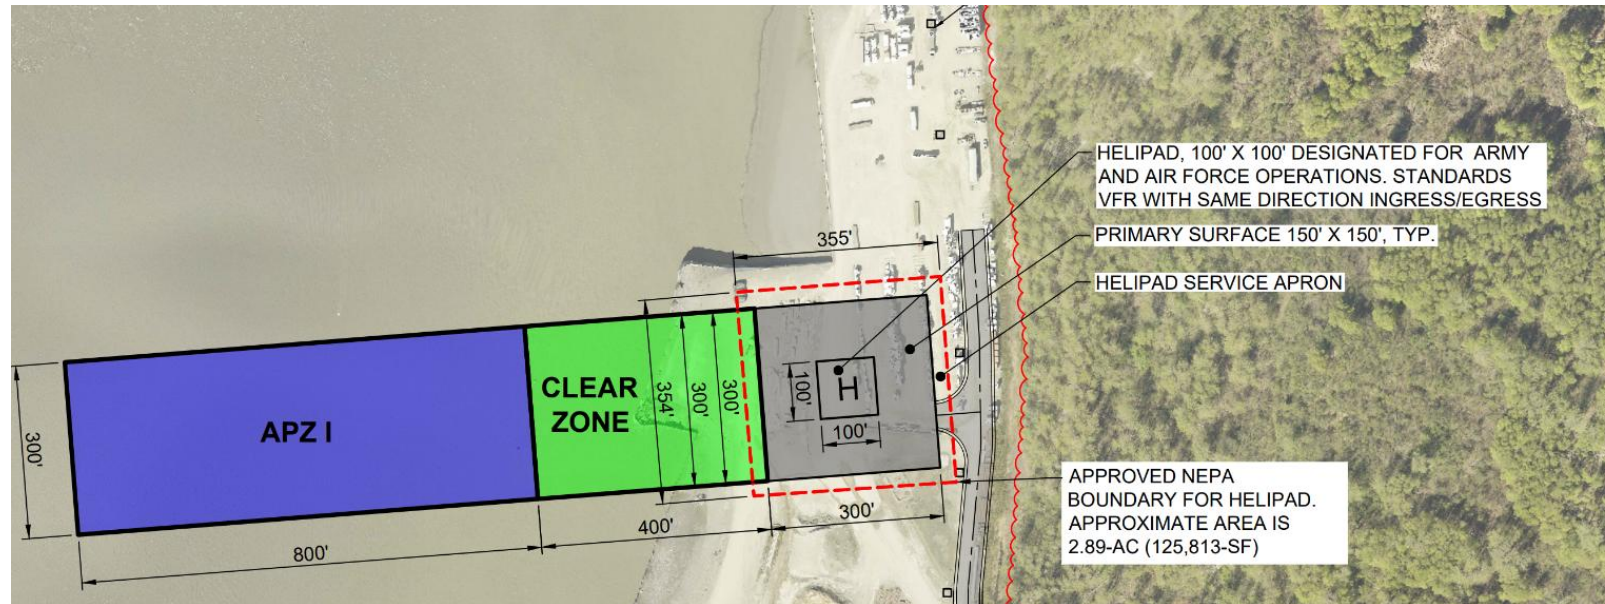

Electrical Substation Project - North Extension Location

- Alignment of the duct bank has shifted to the west to avoid the extensive buried utilities along Tidewater Road.
- Working through an aggressive design schedule to be able to construct this year.
- Substation foundation and duct bank construction planned for later this summer.

North Extension Helipad Project

- Procurement package is still in review with Purchasing. Advertisement expected soon
- Construction will most likely be in 2027.

Terminal 2 Design

- Working towards 35% design due at the end of September.
- Stakeholder review effort planned for September.
- Specifically looking at construction phasing to minimize disruption to operations.
- Special studies to help solve the issue of fuel berths availability during future Petroleum Terminal construction.

Upcoming meetings

- PAB meeting July 7
 - Discussions on new T1 Stevedore building-ongoing
- IEUOC meeting June 18
 - Overall PAMP update
 - Upcoming POA projects

A photograph of a port at dusk. A large ship is docked at a pier, with several cranes visible on its deck. The sky is a mix of purple, pink, and blue, and the water reflects the lights from the pier and the ship. The text "Thank you" is overlaid in the center of the image in a large, white, sans-serif font.

Thank you
