

Don Young Port of Alaska Modernization Program

User Group Update – July 22, 2026

Agenda

1. Terminal 1 Construction Update
2. Electrical Substation
3. North Extension Helipad Project
4. T2 Design
5. Upcoming meetings

Terminal 1 Construction Update

Pile driving templates installed,
permanent piling installation has
begun.

Deep Soil Mixing (DSM) continues
on Trestle 1A

Demolition of existing Terminal 1
structure ongoing

Piling and precast deck elements
will be offloaded and stored at the
North Extension throughout the
summer

Precast Deck Elements

- Precast deck elements and pile plugs arrived from Washington. 5 barge loads of precast deck elements will be needed for the project. 2 loads will arrive this year.
- The pre-cast elements are getting offloaded at the North Extension Berthing Facility and stored at the North Extension Laydown yard. Shuttle lifts transport them into place in the yard.

Electrical Substation Project - North Extension Location

- Alignment of the duct bank has shifted to the west to avoid the extensive buried utilities along Tidewater Road.
- Design work this summer.
- Substation foundation planned for this fall.

North Extension Helipad Project

- Request for Proposals is currently advertised on the MOA Procurement website. Closes July 30th
- Construction will be in 2027.

Terminal 2 Design

- Working towards 35% design due at the end of September.
- Stakeholder review effort planned for September.
- Specifically looking at construction phasing to minimize disruption to operations.
- Special studies to help solve the issue of fuel berths availability during future Petroleum Terminal construction.

Upcoming meetings

- IEUOC meeting August 20th
 - Overall PAMP update
 - Upcoming POA projects

A photograph of a port at dusk. A large ship is docked at a pier, with several cranes visible on its deck. The ship's lights are on, and the lights from the pier are reflected in the water. The sky is a mix of purple, pink, and blue. The background shows a snowy hillside with some trees. The text "Thank you" is overlaid in the center of the image.

Thank you
